DESK ACCESSORIES

SQT917S INVERTER SERIES

Electronic Fluorescent Desk Lamp

The perfect way to illuminate your personal work space.

- 50,000 Times Per Second Cycle Rate
- Inverter Electronic Ballast Technology – Easy on the eyes
- Soft Light Feature
- Minimum Desk Space Required
- Energy-Efficient Compact Fluorescent Bulb
- Contemporary Design
- Adjustable Light Direction

EASY ON INVERTER TECHNOLOGY THE EYES

Panasonic

SQT917S

Significant Eyestrain Reduction

The high-frequency electronic Panasonic desk lamp generates a cycle rate of about 50,000 times per second. When compared to a conventional magnetic ballast, which has a cycle rate of about 60 times per second, it produces a light source of extraordinarily higher clarity, considerably reducing eyestrain.

High-Frequency Electronic Ballast Technology

The Panasonic desk lamp operates with an electronic ballast. This allows the bulb to work at a much higher frequency than a conventional magnetic ballast. So you can count on the fluorescent bulb lighting instantly.

Soft Light Feature

In addition to using the light as a full brightness desk lamp, you can fold the top piece down with the light on, allowing the lamp to produce a soft, dim light, perfect for times when soft illumination is preferred.

Compact Fluorescent Bulb

The highly-efficient, 13-watt compact fluorescent bulb produces equivalent light output to a standard 60-watt incandescent light bulb. And, since the lamp uses a full-spectrum compact fluorescent bulb, the light produced is similar to natural daylight, which is gentle and natural to the eyes. The Panasonic bulb is rated for 10,000 hours of operation, so it will last up to 10 times longer than the comparable incandescent.

Contemporary Design

The Panasonic electronic desk lamp is lightweight, stylish and compact. Using less desk-top space, it's a welcome addition to any work area.

Adjustable Light Direction

SPECIFICATIONS

Product Dimensions:	4.7" W x 10.6" L x 15.0" H (120 x 271 x 382 mm)
Packaging Dimensions:	5.9" W x 6.7" L x 15.55" H (150 x 170 x 395 mm)
Master Carton Dimensions:	12.6" W x 14.2" L x 16.53" H (320 x 360 x 420 mm)
Product Weight:	2.6 lbs. (1.2 Kg)
Product Packaging Weight:	3.3 lbs. (1.5 Kg)
Master Carton Weight:	18.75 lbs. (7.0 Kg)
Total units per master carton:	4
Average light output at 1.4 ft (34 cm):	1197 lux
Product UPC:	0-92281-12135-2
Master Carton UPC:	5-00-92281-12135-7
